Monthly IB Learner Profile

ACADECABARET & AWARDS JUNE 17TH, 1:30-4:00PM

Join us on Friday, June 17th for the afternoon to celebrate the end of an awesome school year. The AcadeCabaret is a combination of a recital for violin and piano as well as short presentations of poetry, skits, readings and more linked to the units of inquiry and study.

Recognition and Awards Night is when students, families and staff come together to celebrate the successes and achievements of the current school year.

CATERPILLAR LIFE CYCLES IN JK/SK

In JK/SK, students are inquiring into various life cycles among species. Currently, students are observing caterpillars. They've watched them grow from small little babies, into huge caterpillars. Hopefully, they'll be ready to make their cocoon's soon so we can watch them change!

Learner Profile of the Month Inquirer

This month, students practiced being inquirers throughout the PYP Expo Presentations. Students in 5/6, and attendees practiced their inquiry skills by asking questions, and critically reflecting on information.

GRADE 3/4 LIVING BIOGRAPHIES

As part of their unit on inventions, students in Grade 3/4 researched and learned about an inventor of their choice. Then, they had to impersonate their inventor for a Living Biography presentation, where students from other classes had the opportunity to guess who they were.
